

INTER BOAT MARINAS

Titan Deck

Titan Deck is a 100% polypropylene alternative for wood or composite decking. The strong, flexible, heat-resistant plastic can withstand the harshest elements. The materials have UV protection which minimizes fading and makes the non-slip boards comfortable for use, also during hot sunny days.

Titan Deck Classic

- Width: 302 mm
- Length: 0,91m¹/ 1,21m¹
- Height: 28 mm
- Weight: 9 kg/m²
- Colour: mushroom
- Distance of the supports: 400 mm/ 450 mm
- Maintenance-free

Titan Deck: For a beautiful non-slip deck which is maintenance-free and environmentally safe.
